

2006

FOCUS

Credibility makes for appreciation. Case in point: Ford Focus. It's been getting praise of the highest order right out of the chute. *Car and Driver* awarded Focus a 10Best badge 5 years straight.* And for 4 years in a row,** Focus has been recommended as a Best Buy by *Consumer Guide*® Automotive.

The accolades won't stop anytime soon, especially with attention turning to this year's eye-poppin', newly available Street Appearance Package (shown here, fascia-to-fascia). Standout tuner looks – incorporated front and back – scream, “Playin’ loud!” No doubt, that thrill is tenfold when you're the one behind the wheel.

In this pic: Focus ZX4 ST in Infra-Red (above) and CD Silver Metallic (right), both showing off the all-new Street Appearance Package #1 – available only on SE/SES/ST for ZX3/ZX4/ZX5. Includes unique body-color front fascia with fog and side marker lamps, molded-in-black grille, and lower air deflector; unique body-color rear fascia with molded-in-black diffuser insert; rear spoiler; and bright exhaust tip.

*2000-2004, all Focus models. **2001-2004 Focus models.

L TO R: FOCUS ZX4 SES _ PITCH BLACK, FOCUS ZXW SES _ CD SILVER METALLIC, FOCUS ZX5 SES _ CD SILVER METALLIC, FOCUS ZX3 SES _ CD SILVER METALLIC; ALL WITH AVAILABLE EQUIPMENT

STYLIN'

SET OF CHOICES

Ford Focus offers you some of the most substantial, head-turning body styles in its class. Not to mention the best selection. Sweeping arcs meld with crisp creases to form an arresting air of refinement others lack. This fresh, European-influenced design is highlighted with muscular fenders and exudes a drive-me-with-gusto attitude. The crowning touch is a diamond-patterned grille flanked by crystalline headlamps.

One Focus model in particular makes no bones about its thrill-a-minute intent: the performance-packed ZX4 ST Sedan. Under the hood is a 151-hp Duratec engine that takes its hi-revvin' cues from a short-throw 5-speed on the floor. The ST's racing-motivated suspension is deftly stiffened: its chrome-tipped exhaust is aggressively tuned; 16" aluminum wheels are precision-machined; a rear wing spoiler is decklid-mounted; and the leather-wrapped shifter and steering wheel are red-stitched. Anti-lock brakes further boost your handling bravado. In sum, it's a blast.

S/SE/SES CUES

- Black sideview mirrors
- Chromed grille surround
- Black mesh grille center
- Fog lamps with black surrounds (standard on SES, available on SE)
- Black door handles

• S SERIES (ZX3/ZX4/ZX5)

European-inspired suspension, 5-speed manual transmission, AM/FM stereo/single-CD player with MP3 capability, fixed-intermittent wipers, rear window wiper on ZX3, ZX5 and ZXW

• SE SERIES (ZX3/ZX4/ZX5/ZXW)

S content, plus power windows and locks, keyless entry, air conditioning, front center armrest, map lights

• SES SERIES (ZX3/ZX4/ZX5/ZXW)

SE content, plus enhanced European suspension, fog lamps, overhead console with storage bin, tachometer, tilt/telescoping leather-wrapped steering wheel with speed control

• ST SERIES (ZX4 EXCLUSIVE)

SES content, plus performance-tuned suspension, chrome-tipped exhaust, 16" 5-spoke machined-aluminum wheels, sport bucket seats, leather-wrapped steering wheel and shift knob with red contrast stitching

ST CUES

- Color-keyed, power heated sideview mirrors
- Color-keyed grille surround
- Satin-alloy mesh grille center
- Fog lamps with silver surrounds
- Blacked-out lower rear fascia
- Color-keyed door handles

FOCUS ZX3 SES _ SCREAMING YELLOW WITH AVAILABLE EQUIPMENT

EUROPEAN-INSPIRED SUSPENSION

Every new Focus begins with MacPherson struts up front and Control Blade trailing arms in back. The 4-wheel independent design eagerly absorbs bumps and delivers exceptional maneuverability. It's the very soul of some downright impressive European-born and -bred manners.

ENHANCED EUROPEAN SUSPENSION

Strike an even greater balance of comfortable ride and dynamic handling – with more aggressive cornering ability and increased steering feel. A substantial 20-mm rear stabilizer bar creates a marked decrease in body lean. Standard on ZXW SE and all SES models.

PERFORMANCE-TUNED SUSPENSION

Exclusive to the ZX4 ST, this configuration is the pinnacle of the Focus driving experience. It gets the stiffest struts and shocks in the lineup, with higher front spring rates. Less overall rebound means ZX4 ST achieves the sharpest level of crisp control and steering precision.

RACING ROOTS

Since its 1999 World Rally Championship (WRC) debut on the snow-and-ice-patched alpine roads in Monte Carlo, Focus has been a mainstay of Ford Racing. The grueling, 11-month rally season pits Focus against the clock in more than a dozen countries, on 4 continents – where courageous drivers do battle for 3 days at a clip in many of the harshest environments on the planet. You name it, the Focus WRC has been there and done that: conqueror of blinding sandstorms, punishing gravel, freezing blasts, boiling temps and tons more.

Meaning every 2006 Focus production car has benefited from over half a decade of extreme real-world testing. When the forecast calls for crummy conditions, get on the road and whoop it up. On the SCCA (Sports Car Club of America) Pro Racing circuit, Focus is decked out in Air Force Reserve red, white and blue. Anything but reserved, this baby flies. Its intense driving dynamics are put to the test weekly, battling foes along straightaways and in the corners on tracks across the U.S. *Let freedom zing.*

DO A PIRELLI PEEL

Low-profile 16" Pirelli tires aren't just all-season, they're all action. And they're standard issue on the ZX4 ST, along with the ZX3/ZX4/ZX5 SES Series. These steel-belted radials boast stiff sidewalls for less flex when twists and turns beckon. (What makes Pirelli so primo? A fab track record. Pirelli is linked to the evolution of motorsports, holding a rich collection of victories – first taste coming in the 1907 Peking-Paris Rally.)

FOCUS ZX5 SES _ SONIC BLUE METALLIC

RESPONSIBLE REVS

You don't have to sacrifice power to reduce pollution. The aluminum-block Duratec engines for Focus were recently revamped to be more energetic, more efficient, more eco-responsible* and even more ear-pleasing than ever. Every Duratec is equipped with chain-driven dual overhead cams (DOHC), 16 valves, 4 cylinders and sequential multi-port fuel injection. All helping to ensure Focus remains well above average in the *EPA Green Vehicle Guide*.

*Based on 2004 2.0L vs. 2005 2.0L Duratec 20 DOHC engine emissions. **Standard on S/SE/SSES models in CA, MA, ME, NY and VT; available on retail orders in AZ, CT, NH, NJ, NV, OR, PA and RI.

2.3L Duratec 23. Unleashes 151 hp and 154 lb.-ft. of torque, while issuing only 1/4 of the smog-inducing particles allowed for an Ultra Low Emissions Vehicle (ULEV). It's mated to a short-throw 5-speed manual, and it's exclusive to ZX4 ST.

2.0L Duratec 20. Produces 136 hp and 136 lb.-ft. of torque. Standard on all models (except ZX4 ST), it yields a mere 1/5 of the smog-forming emissions of a ULEV.

2.0L Duratec 20E PZEV (Partial Zero Emissions Vehicle). Delivers 130 hp and 129 lb.-ft. of torque, maintaining zero fuel system evaporative discharge and meeting Super Ultra Low Emissions Vehicle requisites.**

GOOD FOR 4 TRIPS AROUND THE WORLD†

Quality built. Quality backed. In addition to the New-Vehicle Bumper-to-Bumper Limited Warranty, Focus comes with exclusive 100,000-mile/5-year Powertrain Coverage†† – from the engine and transmission to the entire driveline. Towing and roadside assistance are included, and any remaining coverage is fully transferable to the next lucky owner. On top of it all, some key Duratec components require less maintenance to begin with: 150,000-mile air filter, 150,000-mile valve adjustment, and 100,000-mile platinum-tipped spark plugs (part of the 100,000-mile tune-up interval)‡

†Just be sure to take 'em all within your first 5 years of ownership. ††100,000-mile/5-year Powertrain Extended Service Plan. Powertrain Limited Warranty in Florida. A deductible applies. See dealer for details. ‡Under normal driving conditions with regular fluid and filter changes.

SOUND DESIGNED BY **SONY**®

A big-bang-boomin' 500 watts of peak power and Digital Sound Processing capabilities highlight this available Audiophile® System.* Sony sound techs acoustically tuned it all: AM/FM stereo with 6-disc in-dash CD changer and MP3 capability; 4 coax speakers with neodymium rare-earth magnets; and 8" subwoofer with a large 2.4-lb. magnet and separate 110-watt, 2-channel amp for exceptionally deep, crisp bass.

*Available on SE, SES (except ZXW) and ST models.

CD POD

Here's a ready-made place – directly below the instrument panel – to store 6 of your fave CDs, including their full-size jewel cases.

For sure, Focus ZX4 ST aims to please. Rap or rock to the laser-clear sounds of a CD player that's MP3 capable. Pump up the volume in a snap – an available 6-disc in-dash CD changer includes audio switches parked on the column of the leather-wrapped steering wheel that's jazzed with bright red stitching and speed-control functions. A full set of quick-read, jet-black gauges are surrounded smartly in silver, while a slick metal-mesh finish on the center stack grooves in step with this performance-purposed cockpit.

SIZZLIN' MIX

SEEN' RED

ZX4 ST's leather-wrapped shifter is red-stitched too.

FOCUS ZX4 ST _ CHARCOAL CLOTH WITH BLACK/RED SPORT INSERTS AND AVAILABLE EQUIPMENT

CHECK OUT THESE DIGS

Clubbing, camping or carpooling, you and 4 friends will be lookin' real fine in the red-hot ZX4 ST. Charcoal cloth sport buckets are splashed with a mesmerizing red-and-black diamond pattern, mirroring the front-door accents. Or splurge for the charcoal leather-trimmed seating option that comes with Preferred Suede® inserts. The height-adjustable, leather-trimmed front seats are available heated also – pretty rare for this class.

Honda Civic, Toyota Corolla, Chevy Cobalt and Saturn Ion are taking their hats off to Focus: Outstanding interior volume on ZX4, ZX3, and ZXW is among best-in-class. Command Seating™ up front and a theater-style setup in back provide super visibility and ease of entry/exit. Ensuring every bit of living room remains people-friendly instead of package-filled, the Focus ZX4 offers more trunk space than the Civic/Corolla/Cobalt/Ion crowd; trunk hinges never bar the way, and there's more than enough capacity for a pair of stuffed, full-size travel bags standing side by side. Make plans, not compromises.

NO PROBLEM

If you've got extra-long goods to tote, Focus is more than happy to accommodate with a 60/40 split-fold rear seat.

FINE TUNIN'

Available on SE/SES/ST models: The steering wheel not only tilts up and down for you, it telescopes in and out for perfect positioning.

OUTTA SIGHT

The available overhead storage console is an ideal spot for sunglasses. Focus provides you with up to 11 different storage areas (depending on model).

You can't feel really good until you feel truly safe. That's why the front-wheel-drive Focus comes with a heap of protection, in assorted forms. The Personal Safety System® calculates various factors in a heartbeat to keep front-seat occupants out of harm's way in certain frontal collisions. A sophisticated "safety cell" passenger surround that's innate to each Focus is reinforced with ultra-high-strength steel crossmembers. And since crossing your fingers won't stop you from being stranded, the battery saver shuts off interior lights after 20 minutes if you mistakenly leave any on, or by chance leave a door ajar. *Feel even safer reading on.*

IN CASE OF EMERGENCY

ANTI-THEFT SYSTEMS

The SecuriLock® passive anti-theft system that comes standard on Focus is designed to help prevent the engine from starting unless your coded ignition key is used. An available perimeter alarm system monitors the doors, hood and decklid for any tampering.

PERSONAL SAFETY SYSTEM

The Personal Safety System helps protect both you and your front passenger. It combines 8 advanced technologies: dual-stage front airbags, a restraint control module, safety belt energy-management retractors and pretensioners, Front-Passenger Sensing System, and sensors for crash severity, safety belt usage and driver's-seat position. The whole Personal Safety System does its thing in milliseconds – instantly applying the best protective measures.

ANTI-LOCK BRAKE SYSTEM (ABS)

Standard on ST and available on all other Focus models, 4-channel ABS means the system can brake all 4 wheels independently for more accurate control. It's designed to help you maintain greater steering command during hard stops.

FRONT-SEAT SIDE AIRBAGS

Available on every Focus, these airbags offer an extra margin of head and chest protection for you and your front passenger during certain side impacts. The bags inflate from the outboard side of each front seat for optimal positioning.

"SAFETY CELL" CONSTRUCTION

The unitized body of Focus is built to provide crash energy-management in the event of an accident. Front and rear crumple zones progressively deform to help absorb the impact and reduce the amount of collision forces reaching the passenger compartment.

FRONT-PASSENGER SENSING SYSTEM

A major piece of the always-on-guard Personal Safety System for Focus, this hi-tech occupant-sensing system determines if the front-passenger's airbag should be activated or not. Safety belt tension and front-passenger weight are measured to detect whether someone big, someone small, or no one at all is in the front-passenger's seat. Accordingly, the airbag is at-the-ready or disabled to provide the most appropriate level of protection.

CENTER SAFETY BELT & LATCH

All 5 seating positions are engineered with the added assurance of 3-point safety belts. For uniform child-safety seat hookup, Focus is equipped with LATCH (lower anchors and tether anchors for child-safety seats). When the top tether anchor and lower anchor combo is used, safety belts aren't necessary to install the car seat.

fordaccessoriesstore.com

TRIPTUNES™ AUDIO PLAYER INTERFACE

Connect most portable audio, CD and cassette players to the radio: Start jammin' through Focus's speakers.

CUSTOM SPLASH GUARDS

Guard against mud, snow and ice. Durable splash guards are embossed with the Ford oval logo.

CARGO SECURITY SHADE

Conceal belongings with this heavy-duty vinyl shade. Mounts behind rear seat above the cargo area.

VEHICLE SECURITY SYSTEMS

Protect your Focus with a state-of-the-art protection system that offers a full range of security features, complete with pocket-sized transmitters.

MID-WING SPOILER

Designed for the mid-wing of 3- and 5-door Focus models, this spoiler is available in select exterior colors.

ELLIPTICAL CROSSBARS FOR O.E. RACKS

Set of 2 crossbars allows the mounting of select carriers with adapters for elliptical carriers.

FOG LAMPS

Optimize vision and safety: Fog lamps mount to the lower fascia of the front bumper with original equipment design that ensures proper fit.

ALL-WEATHER VINYL FLOOR MATS

The deep grooves and raised ridges in these heavy-duty, stay-put mats catch and hold snow, slush and mud.

CHROME EXHAUST TIP

Slips over the end of the tailpipe. Constructed of heavy-duty, corrosion-resistant, chrome-plated stainless steel for long life.

WHEEL LOCKS

For added protection against theft, replace one lug on each wheel with one of these locks.

SEE THE COMPLETE CATALOG OF GENUINE FORD ACCESSORIES.

There's a whole catalog of great choices to help you personalize your new Focus, and it's available at your Ford Dealer today. Engineered by Ford for excellent fit and long-wearing durability, Genuine Ford Accessories also know how to put the fun in functional. New-Vehicle Limited Warranty

We want your Ford Focus ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile Bumper-to-Bumper Coverage, 5-year/50,000-mile Safety Restraint Coverage, and 5-year/unlimited-mile Corrosion (Perforation) Coverage — all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at www.fordcredit.com.

Choose the insurance program that's designed for your vehicle — Ford Motor Company Insurance Services. Our program helps you receive the rates and service you deserve. Call 1-877-367-3847 or visit us at www.fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.

For a purchase or lease, the Ford **Extended Service Plan** (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for an ESP backed by Ford Motor Company and honored at all Ford dealerships.

- 3 torque-happy powerplants – 2.3L Duratec 23, 2.0L Duratec 20 and 2.0L Duratec 20E PZEV – maximize performance
 - Global I-4 engine technology minimizes pollution
 - Only vehicle in its class with an available Audiophile® System that pumps out Sound by Sony®
 - Versatility of 4 decidedly distinct models
 - Up to 11 different storage solutions
- Bright red stitching is an eye-catching exclusive inside the red-hot ZX4 ST
- On ZX4, ZX3 and ZXW, interior volume ranks among best-in-class
 - Sophisticated "safety cell" construction deflects crash energy away from the passenger cabin
 - Personal Safety System® reacts in mere milliseconds
- 100,000-mile/5-year Powertrain Coverage† backs the quality build

*2001-2004 Focus models. **2000-2004, all Focus models. †100,000-mile/5-year Powertrain Extended Service Plan. Powertrain Limited Warranty in Florida. A deductible applies. See dealer for details.
